

Lijst met waarnemingen van vogels door 4 leden van het KOAG uit Kockengen tijdens gezamenlijke trips of individuele trips. Uitgangspunt is dat de soort feitelijk gezien is, geluid alleen is onvoldoende.						
De vier leden zijn; Bram Paardenkooper (BP), Ries Samsom (RS), Hans J Geuze (HG) en Jieles van Baalen (JB).						
De aanduiding 1 geeft aan dat de soort gezien is.						
De aanduiding 0 geeft aan dat tevens een ondersoort gezien is.						
De lijst volgt de indeling van de HBW (Handbook of the Birds of the World). Splits en lumps worden verwerkt.
